

# Aqua-Boy: Roller Electrodes

This 2<sup>1</sup>/<sub>8</sub>" roller electrode has thin rollers particularly suitable for textiles. This electrode is designed for measuring moving webs of materials such as paper, cardboard veneers and textiles.

## Technical Data

**Dimensions:** 2<sup>1</sup>/<sub>8</sub>" x 1<sup>5</sup>/<sub>8</sub>"

**Weight:** 3<sup>1</sup>/<sub>2</sub>" oz

**Designed for:** HMI, HMII, HMIII, HMIV, PMI, PMII, BSMI Aqua-Boy

**N.B.** This electrode requires a universal cable and a universal electrode holder to attach to the Aqua-Boy meter and will not function on its own.
