

Aqua-Boy: Surface Electrodes

This 2" surface electrode is designed to measure thin veneers, paper and textiles.

Technical Data

Dimensions: 2" x 1⁵/₈"

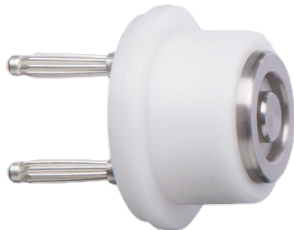

Weight: 1¹/₂ oz

Designed for: HMI, HMIV, PMI, PMII, ZPI, ZPIII, LMI, LMIII, SPI Aqua-Boy

N.B. This electrode requires a universal cable and a universal electrode holder to attach to the Aqua-Boy meter and will not function on its own.

Ordering Data

213

This 2" surface electrode is designed to measure thin veneers, paper and textiles. To be used specifically for leather.

Technical Data

Dimensions: 2" x 1⁵/₈"

Weight: 1¹/₂ oz

Designed for: LMI, LMIII, SPI Aqua-Boy

N.B. This electrode requires a universal cable and a universal electrode holder to attach to the Aqua-Boy meter and will not function on its own.
